

MMA

The background image shows a close-up of a metal welding torch assembly. A silver-colored metal handle is attached to a larger metal body. A black cable is connected to the handle. The torch is positioned over a metal workpiece, which appears to be a thick plate or pipe. A bright blue flame is visible at the tip of the torch. The entire image has a semi-transparent purple overlay.

Parweld offers an extensive MMA range, exceeding industry standard expectations at a competitive price.

CABLE PLUGS AND SOCKETS

- Designed to Connect Cables to the Power Source
- Push and Twist Design
- Foolproof Locking System

NDT KIT SYSTEM

STOCK CODE	SIZE
WR7040	400ml

INCLUDES:

Cleaner, Developer and Dye Penetrant Spray

BULK WATER BASED ANTI-SPATTER FLUID

STOCK CODE	SIZE
WR3025	25kg/25l
WR3005	5kg/5l

FEATURES

- Silicone-free Water-soluble anti-spatter.
- Prevents sticking of spatter to workpieces, jigs, fixtures, MIG nozzles, etc.
- Health and Non-toxic, Environment-friendly.
- Effective on difficult applications such as stainless steel, galvanised steel and aluminium.
- Compatible with painting and galvanising.

TIP DIP

STOCK CODE	SIZE
WR6050	500ml

FEATURES

- Parweld Tip Dip provides effective protection from spatter to welding torch nozzles and tips
- Can be applied to fixtures to provide long term protection from spatter.
