

# 110 TON SHOP PRESS WITH PLC

## Our Most Powerful Press

Heavy-Duty 19mm Steel Construction    Easy-to-Use Foot/Jog Controls  
 Versatile Rolling Cylinder                Quick Disconnect Hoses  
 Working Area of 1219 x 953mm         Adjustable Table Height  
 Pressure Gauge                                2 V-Blocks Included

Our 110 Ton Shop Press has the capacity to meet your shop's needs. Smooth & precise, heavy-duty and versatile, our unique, open side design allows for material to pass through. Power it up with an Edwards Ironworker with factory installed Hydraulic Accessory Pack or an Edwards Porta Power 5 HP, 3000 PSI portable power unit. With PLC (Programmable Logic Control) to further increase efficiency.

### DIMENSIONS

Height: 2169mm  
 Width: 1626mm  
 Depth: 1219mm  
 Shipping Weight: 1220kg

### GENERAL SPECIFICATIONS

Rating: 110 Tons  
 Cylinder: 102mm Ram  
 Stroke: 311mm

### OPTIONAL TOOLING

See our Tooling Accessories for additional options including Press Brake Back Gauge and Bump Die Tooling.

### PRESS BRAKE TOOLING

Make the most of your Shop Press by adding our versatile Brake Tooling. Mounted to a machined solid-steel base and pushblock, this robust tooling features heavy-duty return springs for smooth operation. Press Brake Tooling features our rugged, machined punch and 4-way die. We offer our Press Brake in 304mm, 457mm, 609mm and 813mm.

### PLC MEASURING SYSTEM

Improve your productivity with PLC on repeatable actions. Provides adjustable up/down stroke control saving time. Adjustable PSI allows the user to set the pressure and cycle the press with an automatic return. Magnetic base allows easy mounting of the PLC anywhere on the machine.
